14 Mile Watershed 9 Key Element Plan Meetings

Please join Adams County Land and Water for a discussion about protecting and improving water quality in the 14 Mile Watershed! Two Informational events this month on March 16th and March 22nd will cover county efforts to implement the 14 Mile Watershed 9 Key Element Plan.

The 14 Mile Watershed 9 Key Element Plan is a multi-county collaborative effort that seeks to improve and protect water quality at the watershed scale. This plan involves working closely with stakeholders and local communities to address their specific needs and concerns. We invite you to be part of the conversation and hope to see you there!

A presentation by Adams County Land and Water will be followed by an open group discussion.

Food will be provided, please RSVP at tinyurl.com/fourteenmile

Choose whichever date works best for you! If you are unable to attend, a recording of the meeting will be available on YouTube after the meetings.You may also participate virtually in the meetings by using the Zoom links below.
