14 Mile Watershed Friends and Supporters,

Perhaps you've noticed the new signs as you travel to and from the lakes area along Hwy D. Thanks to Adams County, Wisconsin Cranberry Growers, Wisconsin Potato and Vegetable Growers, Petenwell and Castle Rock Stewards and your 14 Mile Watershed Alliance for their efforts to place this signage.

These signs are a reminder for travelers, visitors and residents of the importance of our watershed to all of us. You'll see the signs in both directions between the Hwy D turnoff from Hwy 73 to the "s" curve where the 14 Mile Creek flows under Hwy D. Hopefully, each time we see these signs it's a reminder to protect our watershed that supports drinking water, agriculture and recreation.

Watch for them and let us know if it inspires you to be a responsible steward of this wonderful watershed.
